Manlius Pebble Hill School

Mission Statement

Manlius Pebble Hill School is an independent, nonsectarian, coeducational, college preparatory school dedicated to the pursuit of academic excellence in a diverse setting. Our prekindergarten through grade 12 curriculum challenges students to become inquisitive and independent learners. We provide opportunities for intellectual and creative exploration within a caring and trusting environment. Manlius Pebble Hill fosters self-confidence, respect, integrity, and strength of character in our students to help them become responsible citizens in the local and global community.

Our Education is based on the following philosophical concepts and beliefs:

- ⌘ **We believe that academic achievement is both a means to an end and an end in itself.** We include intellectual, social and physical development as part of our academic goals for educating the whole child. Our program prepares students to pursue appropriate advanced studies, to understand their natural and social environments, and to maintain desirable leisure time and aesthetic interests.
- ⌘ **We believe in the inherent worth and the uniqueness of each student.** We emphasize the positive characteristics which make each person special.
- ⌘ **We believe a successful school cultivates a desire to learn.** Each student must be prepared to contribute to a full, productive life in a democratic society. We recognize that growth and education do not terminate with formal schooling.
- ⌘ **We believe that schools have a responsibility to promote what is of value in the human experience and to shape the values of tomorrow.**
- ⌘ **We believe that the relationship among and between the teacher, student, and parent is a significant ingredient in our educational program.** Mutual support, common goals, and communication provide the motivation necessary for success.
- ⌘ **We believe that independent education must reflect the social, ethnic, and cultural diversity, which is a distinctive quality of American society.** Students are admitted without regard to race, religion, sex, or national/ethnic origin.
- ⌘ **We believe that the needs of children can best be served in a pluralistic educational setting.** Parents carry the ultimate responsibility for the education of their children. They have the right to choose their children's school and to have input into their education. This choice is best served when alternatives include strong public, independent, and religious schools.

We resolve that these ideals are reflected in the day-to-day operation of the school.
